Terry Tamminen Agency Secretary

Air Resources Board

Alan C. Lloyd, Ph.D. Chairman

1001 I Street • P.O. Box 2815 Sacramento, California 95812 • www.arb.ca.gov

November 17, 2004

Dear Madam or Sir:

You are invited to attend one of several kick-off meetings in Northern California on the new State Implementation Plans (SIPs) being developed to achieve federal clean air standards for 8-hour ozone and fine particulate matter (PM2.5). The Air Resources Board is jointly sponsoring these meetings with many of the affected local air districts.

The purpose of the meetings is to inform and provide an opportunity for the public and affected stakeholders to become involved at the initial stages of SIP development. The SIPs for 15 areas in California that violate the ozone standard are due in June 2007; the plans for three PM2.5 nonattainment areas are due in early 2008. The meetings will discuss why new clean air plans are necessary, what is involved in developing these new plans, and what major decision points are approaching. We will then open the floor to questions and comments. We have attached the times and locations for the Northern California meetings. A week prior to each meeting, we will post the agenda and directions at http://www.arb.ca.gov/planning/sip/ncozsips07/ncozsips07.htm. Similar meetings will be scheduled for Southern California in early 2005.

Now is the perfect time to become engaged in the discussion of initial plan design and direction. As information from the SIP technical analyses becomes available over the next two years, we will hold additional public meetings to share the preliminary results and, with your involvement, begin to formulate control strategies.

If you have a disability-related accommodation need, please see the attached list of meeting locations for contact information. If you are a person who needs assistance in a language other than English, please go to http://www.arb.ca.gov/as/eeo/languageaccess.htm or contact the Bilingual Coordinator at (916) 324-5049. If you have any other questions, please contact Ms. Lucille van Ommering, at languageaccess.htm or contact the Bilingual Coordinator at (916) 324-5049. If you have any other questions, please contact Ms. Lucille van Ommering, at languageaccess.htm or contact the Bilingual Coordinator at (916) 324-5049. If you have any other questions, please contact

Sincerely,

/s/

Robert D. Fletcher, Chief Planning and Technical Support Division
